Swamp Fox Quilters

Quilt by Lorene Arnette

Due to problems caused by Hurricane Matthew, the newsletter is late this month. My sincere apologies for this delay. —Harriett Whitlock

A Note from Your President:

Baskets, baskets, baskets!!!

Hurricane Matthew did not stop the Swamp Fox Quilters from enjoying Heather Tighe's lecture and class. Through her tips and suggestions in her lecture/demonstration, she inspired all of us to organize our sewing rooms. Who doesn't want to be able to find within seconds or minutes that specific tool or piece of fabric to complete that sewing task? The next day we were equally charmed by her basket class. She turned a complex project into simplified steps that we all followed easily. Loved her class on woven baskets and plan on making some as gifts for Christmas. As of this writing, I have 3 made, one a smaller version completed at the QSC fall retreat. Thank you, Heather, for two days of creative ideas!

Speaking of fall retreat, what a wonderful time we had at the QSC gathering. Seeing all the women in their classes busy at their projects was also inspirational. Such talented quilters and teachers we have among us! What fun to walk into a classroom to witness the evolving process of a pattern; the teachers had three or four examples of the same pattern completed in different stages or color ways and then the students interpreted the pattern with their individual choices of fabric or color schemes. Just amazing. If you have never attended this special weekend, you may want to consider it for next year. You'll come away with more ideas for upcoming projects than you have time for!

And speaking of projects, do not forget our Christmas bazaar in November. You still have time to get creative! We'd love to see you come in the door with an armload of projects ready to put out on the tables for sale. Don't forget to invite all your friends to come shopping at our bazaar. It's a fun way to pick up Christmas presents or that special hostess gift or a stocking stuffer for that loved one. Think shopping for November. Checks and cash only, for we have no way to process credit cards.

See you November 3rd!

Swamp Fox Quilters Fund Raiser

This will be run similar to the Make It, Bake It, Grow It, Sew It. Items will be set up in rooms with a time limit for viewing and bidding, and with an auction to follow. Please come at least 30-45 minutes early with your items to allow time to set up before the meeting starts.

*All items donated should be handcrafted and something that you would give as a gift to someone, quilters or non-quilters, or keep for yourself

Here are some ideas:

Hot pads, mug rugs, placemats, table runners, embellished hand towels, aprons, pin cushions, thread catchers, Koozies, Christmas decorations, book covers, or anything you can come up with that would be desirable to purchase for gift giving.

If you wish to make bread, cookies, candy, cakes, or pies those would be great also. Also any cookie mixes in jars are always a big hit. There are a lot of ideas on Pinterest, if you have a computer.

Handmade soaps, scrubs and plants in decorative pots are also great ideas.

*Please feel free to invite friends to come with you or, if they do not want to sit through a meeting, we will give a time for them to come.

*Please do not bring used items, yard sale items, rummage sale items, magazines, books or fabric scraps, remember this is a Christmas Bazaar.

I have included a paper that you can cut into 3 slips. If you need more copies, I will ask that a copy be included in the newsletter. Fill out one slip per donated item with needed information and turn in with your donation. This will speed up the process at check in. If you wish to put a starting bid on your item, please feel free to do so. If your item does not sell for that amount, then you may take your item home without obligation to purchase it yourself. Please feel free to call me if you have any questions, 843-666-2225 I am looking forward to a fun day seeing all the wonderful gift items and goodies.

Thanks,

Hands

Time is Running Out: Christmas/Holiday Bazaar

It's time! The day is approaching! Are you ready? November is around the corner, our SFQ Christmas Bazaar!! On Nov. 3, the halls of John Calvin will be filled with eager shoppers and bidders who are looking for the perfect gift or seasonal decoration. Will the rooms be filled with goodies? It's up to us to make items that will be scooped up. We donate these items for sale, money which will go to support our club's projects and activities. Last year some of our items we displayed for sale were cookies and cakes packaged in attractive boxes, quilted mug rugs with matching cups, quilted baskets, bowl cozies, table linens, towels, aprons, pillows, embroidered bags, soaps, scrubs, flavored vinegars, plants, Christmas decorations—the list is endless. So, let's get busy and make a bundle of cute things for sale; the items can have a Christmas or a Thanksgiving theme or can be a handmade item that others would love to receive. This year, let's aim for every member contributing several items. Use your imagination and your talents to create these treasures.

Oh, and invite all your friends to come shopping with us that day! (Cash or checks only)

For ideas, you may wish to peruse the pages of Pinterest or Etsy to see what other crafters are working on this season. The photos here are from those websites. a pair of mitten mug rugs, a fall decorated lantern. The ideas are limitless. You can make pumpkins from 2 X 4 scraps, gather burlap for a fall wreath, loop and tie fall or Christmas ribbons around a styrofoam wreath. Let your imaginations run wild. Go forth and create!

2017 Challenge

Our 2017 Challenge theme is "Granny's Block Today." You will use a vintage or traditional block(s) for your challenge, but interpret it with a modern twist. To give your entry an updated or more modern look, you may want a layout with lots of white space, or use modern prints or colors (maybe batiks), or a contemporary layout. Please add a sketch of the original block along with a paragraph about your choice and how you used it to create your challenge. No wearables, no size restrictions. We want to see Challenge Quilts from every member at the Hartsville Museum next June!

Refreshments

Our November refreshments will be provided by Tish Von Hagel and crew. Thanks, ladies, for your delicious contributions that make our guild meetings so pleasant.

Quilting History: I've made one quilt and two throws and I'm in the process of doing a Hunter's Star. In years past I learned to piece when we made templates from cardboard. I've also tried my hand at hand quilting but could never get the hang of "rocking my needle." I'm too much of a perfectionist and couldn't tolerate when my stitches weren't evenly spaced and varying lengths so I gave up trying after a few pillow tops. I still love to piece but not quilt so others are tapped to do the quilting. I work with reproduction fabrics (Civil War era) and my quilts tend to be dark colors. My favorite of those I've completed is my Churn Dash. It's scrappy with lots of colors and a good learning experience when I was starting. I needed the practice combining colors and the sizes of prints and patterns. I'm extremely pleased with the result and the woman that quilted it for me did a fantastic job. I need to break out of my comfort zone but I can't bring myself to spend all the time and money for something I'm not in love with.

Personal History: I've been married for 45 years and have two children and two grandchildren. Although I'm a Yankee by birth (NY), I've lived in the South since I started school at the University of Tennessee. My husband was transferred to SC a few years after we were married and we picked Florence because it was the center of his territory.

I'm retired now from Royall Elementary where I was a part timer for 20+ years. I'm trained as a home economics teacher and taught several years, but was unable to find a job in Florence. So, when my children started elementary school I did a whole lot of volunteering. This led to a part time job at the school where I became a "jack of all trades," used where they needed me. Most of my time was spent working in the school library. I have lots of hobbies, mostly crafty stuff, but I love to read and bake too. My first love is rubber stamping. I own 750+ stamps and all the junk that goes with it! (Sue doesn't like to have her photo taken!)

I started quilting 39 years ago when my first daughter was due. I made a rocking horse wall hanging with appliqué and piecing and tied it. I like traditional quilts as well as modern designs. I free motion quilt on a sit down long arm. I love to hand appliqué. My favorite quilt is one I made, a Dresden plate and hand appliqued all pieces to muslin. The plates were given to me and were ready for appliquéing! They were made years earlier by a relative of the person who gave them to me.

I have lived in SC for a little over 20 years, Mississippi for 3 years before, from Oregon originally. My husband's work brought us here. I had a stained glass business years ago and have carried my glass and supplies with me from Oregon to Mississippi to SC! I am an avid golfer and love to knit. I love the Outer banks for vacations..

I like to piece and feel fabric. My favorite quilt that I made was a queen size quilt with 9 blocks with the state flower in which each of my children was born. Several blocks had school mottos and states included. I was born and raised in Georgia, met and married my husband (died in 1988), and taught biology for 22 years at St. John's.

I read a lot! Biographies, histories, and novels—suspense and Southern writers—some foreign authors, too.

I came to SFQ in 1996, after talking to a current member in Hancock's Fabric store. When I arrived at the first meeting, a met a very delightful group of ladies who were very kind and eager to share their wealth of knowledge about quilting. I could really tell that had a great command of their subject areas, because they had an array of beautiful projects to back it up, during Show and Tell.

"Wow!" I said to myself. "I have a great interest in making children's quilts for my 3 year old granddaughter," and had seen several at Show and Tell. So off I went to buy juvenile fabrics and the rest is history. My granddaughter was very happy whenever I showed her the finished project.

I am married and have two daughters and one granddaughter and will have a 56th wedding anniversary on October 8, 2016.
